

July 9, 2007

Dear GKN Team,

Thanks so much for your generous contribution to ChildVoice International and for supporting our work in northern Uganda. As a result of your support, we have been able accomplish the following work in the last two months:

- Hired James Lomoro as Program Director. James is providing overall supervision and management for the Uganda project.
- Hired Richard Kitanyeraba as Project Manager. Richard is providing oversight to the renovation and construction work at the Lukodi primary school.
- Begun reconstruction of the primary school, at Lukodi for the pilot phase of our project.
- Begun the screening process for selection of the first participants to the program.
- Established and staffed a health clinic at the Lukodi site, where we are providing health services to over 100 people per day.

It is because of your contributions that the lives of people in northern Uganda are seeing the hope for a better day tomorrow.

Best Regards,
